Fees and charges

- Finance charge :** If you fail to pay the Bank the whole of the statement balance by the payment due date, a finance charge will be applied (a) to the unpaid statement balance from the statement date immediately preceding the said payment due date until payment in full and (b) to the amount of each new transaction being posted since the statement date immediately preceding the said payment due date, from the transaction date until payment in full. The finance charge will accrue daily and be calculated at the interest rate per month as specified in the Bank's "Bank tariff guide for HSBC Wealth and Personal Banking Customers" for the time being in force.
- Late charge :** If the minimum payment due is not received by the bank on or before the payment due date, a late charge (subject to a minimum and a maximum amount) will be levied on your card account.
